RE: TMDL Water Quality Restoration Grant

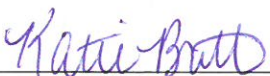

Dear Ms. DeWeese:

Thank you for submitting the project entitled "Lamont Street – Hubbell Street Stormwater Treatment Improvements" for funding consideration from the FY2016 TMDL Water Quality Restoration Grant. The Department received several project proposals requesting approximately \$6.4 million in funding for the month of July, 2015.

We are pleased to inform you that your project has been accepted for funding in the amount of **\$159,300** with a Match funding of \$166,040. You will be contacted shortly in order to initiate a contract. Please be aware that any funds spent prior to contract execution are not eligible for reimbursement; however, they may be used as match in certain situations.

We appreciate your interest in and support of Florida's nonpoint source management program. We look forward to working with you on this project. If you have any questions, please do not hesitate to call me at (850) 245-2938.

Sincerely,

Katie Britt
