Demanet Semi-Competition Bite Suit

\$1,695.00

Semi-Competition bite suits offer great mobility for trainers but not as much as the competition level suits. The semi-comp suit does offer a bit more protection for the decoy though. Semi-Competition level suits are best for more advanced dogs and decoys. Patterns are shown below in the product description.

Description

The semi competition level bite suit offers great mobility for the decoy. This suit is meant for the more advanced decoy and dog. The semi-comp suit is ideal for police K9 training, all ring sports, IPO/Schutzhund training and for anyone who does advanced training scenarios where decoy mobility is a key factor. The Demanet semi-competition level suit is the slightly more protective than the competition level suit.

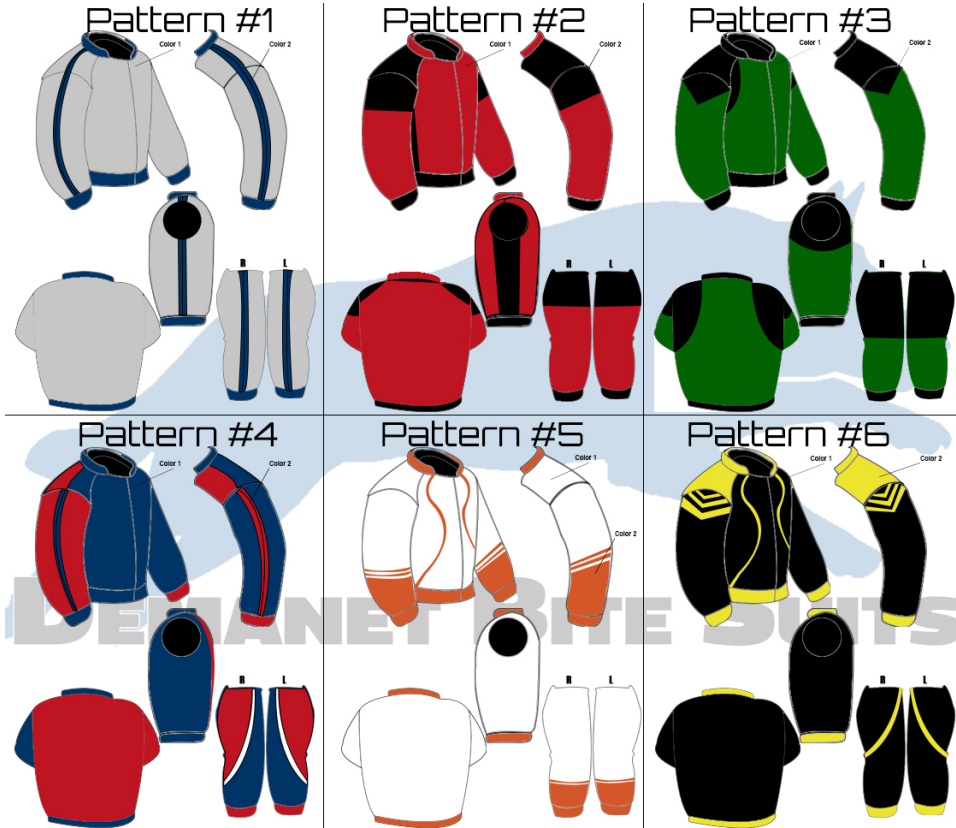

Included with your semi-competition bite suit you will receive a free bite suit bag!
