These new Schutzhund Blinds from Ray Allen Manufacturing are eight feet tall, are fully collapsible and are made of heavy duty vinyl. The blind sets up in minutes, and the center of each pole has a metal push button that allows you to easily take apart and fold up the blind when you are done. Each pole has strong aluminum spikes and solid anchor steps at the feet that secure the blind into the ground. Two peepholes at the top of the blind allow the decoy to see dogs coming without having to peek outside of the blind. Fabricated with high stress aluminum tubing, not cheap electrical or plumbing pipes, this is a high quality professional blind that will endure.

★★★★★ Great blinds

They are high quality and should last for many years. Looking forward to expanding my dogs exercise routine to incorporate these tools. Thank you.
