What 2 things the City Clerk does now that the Council would most like her to continue?

- Bonnie does a great job, is always accessible and helpful in answering any questions or issues that may arrive.
- Incredibly Proactive
- Organized
- Always open and helpful and communicative.
- She sends us all the invites that get directed to her department first.
- I appreciate --- sends us everything in a timely manner.
- Bonnie is very good at keeping up with the Council's needs.

What 2 things the City Clerk does not do now that the Council would most like her to do.

- She wears many hats and I appreciate all she does.
- Agendas published 2 weeks before meetings.
- I would like to have monthly sit downs about scheduling because she is the wizard of all calendars.
- I'd like her to sit down with each member and explain what her office can help with. I know I didn't understand all of her duties at first. I know she offered us all to spend time in her office, but she does so much that I don't know if one visit would cover it.
