## **PROPOSAL**

**RE: 2615 Yule Tree Dr. / Repair Existing Damaged Sanitary Sewer Service at the Existing 8" Sewer Main (+/- 14.5' Depth), per our on-site meeting on 8-2-2024.**

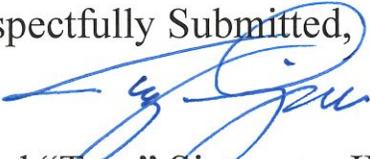

We propose to furnish all materials, labor, equipment, insurance, and supervision to perform a sewer service repair at a depth of +/- 14.5' located at 2615 Yule Tree Dr., as follows:

1. Perform in-house preconstruction video to provide to City upon completion of work.
2. Mobilize crew and transport necessary equipment to the site.
3. Provide necessary M.O.T. / detour throughout the project's duration.
4. Furnish and install dewatering system and silent pack pump to perform repair. (Note: We estimate needing 2 full days of dewatering before performing the repair).
5. Furnish and install trench box and road plates and excavate +/- 14.5' depth to perform the repair.
6. Cut out a section of the existing 8" main where the damaged service is located and furnish and install all 8" SDR 26 main pipe & 4" SDR 26 service piping and couplings to perform the repair and tie back into the existing system and sewer service.

7. Backfill and compact disturbed area. This also includes having Bechtol Engineering perform all required density testing to backfill material and road base material.
8. Furnish and install crushed concrete road base material to all disturbed areas per City of Edgewater's specifications.
9. Furnish and install a 2" asphalt patch for an area of approximately 30' in length x 22' wide (Entire width or existing roadway).
10. Furnish and install required sod restoration with "Like kind" to all disturbed areas adjacent to the repaired area.
11. Demobilize and haul off all equipment and M.O.T items.

TOTAL PROPOSED AMOUNT = \$54,897.89

Respectfully Submitted,

Thad "Trey" Sizemore, III  
THADCON LLC  
386-527-0223

Bid Notes:

1. Bid excludes permits.
2. Bid excludes relocation of any other existing utilities, other than stated above.
3. Bid assumes (Per our on-site meeting) for the City to provide a pump truck to the upstream manhole while THADCON LLC performs the sewer repair.
4. Bid is limited to proposed scope of work items #1 - #11 as referenced in above proposal.
